

Read&Write provides support for students who are at all levels of acquiring the English language, from those being introduced to English for the first time to those who are proficient in conversational English, but require additional support because of the complexity of the language. **Read&Write** provides literacy tools that integrate directly with Google Docs, PDFs, Slides and ePubs in Google Drive, and webpages in the Chrome web browser.

Read&Write tools		How does each tool help?	Supports for
