

EDPlan Insight™

SO WHAT?

EDPlan Insight is designed to support using your data to inform your instruction. You can easily add your PM Benchmarks and Numeracy Screener or even the Kindergarten Screener and then with a few clicks you can see the data in various ways to help you plan for effective instruction.

HOW?

#1: Login to Office 365

www.bit.ly/sd22edplan2020

Video How-to

Here is the dashboard

Under the Class Profile tile you can run reports to show information about your class. For example you can see all of your data in one visual.

NOW WHAT?

Under the Reports tile you will be able to generate a number of different types of reports. It is as easy as clicking through options and selecting the report you would like to see. This is a great way to get an overall picture of your class to look for individual, group, and whole class trends and needs. This is great for planning for success!
