

The background of the slide is an abstract composition of numerous 3D rectangular blocks or cubes. These blocks are arranged in a way that creates a sense of depth and movement, with some blocks appearing to rise from a dark base. The color palette is diverse, featuring warm tones like yellows, oranges, and reds on the left, transitioning through purples and blues in the center, and ending with cooler blues and greens on the right. The lighting is directional, casting shadows that emphasize the three-dimensional nature of the blocks.

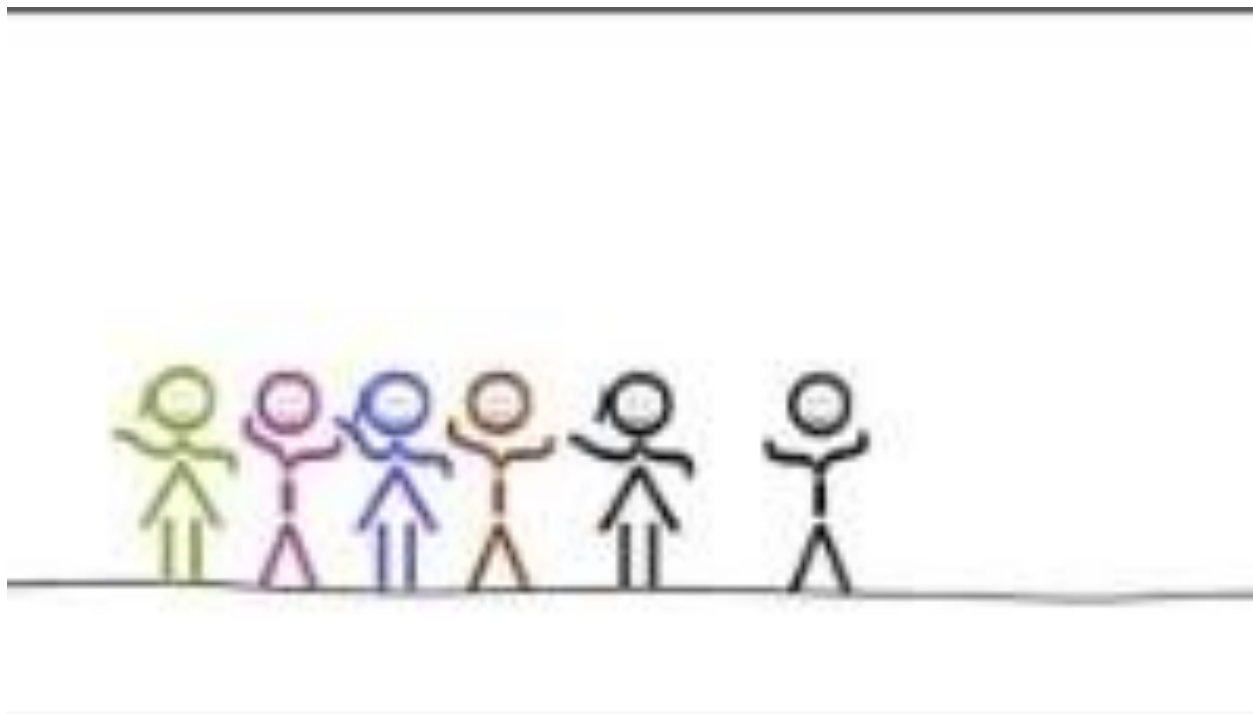

Digital Citizenship and Online Safety

SD#22

Due Diligence

This presentation (or the messages within it) should be reviewed by all students prior to using any software (this includes web tools, apps (Windows, iOS, or Chrome), extensions, or add-ons) where personal data may be shared. Teachers may adjust the presentation to meet the needs of their classroom.

Students are required to have a signed Software/Digital Tools Informed Parent Consent Form on file. This form must be signed by parents/guardians annually. The form can be found on www.sd22learns.ca.

S Stay Safe Don't give out your personal information to people / places you don't know. 	M Don't Meet Up Meeting someone you have only been in touch with online can be dangerous. Always check with an adult you trust. 	A Accepting Files Accepting emails, files, pictures or texts from people you don't know can cause problems. 	R Reliable? Check information before you believe it. Is the person or website telling the truth? 	T Tell Someone Tell an adult if someone or something makes you feel worried or uncomfortable.

SMART tips based on resources from www.thinkuknow.co.uk

General Guidelines

Public, Persistent, Permanent

You should assume that electronic communication and tools are not private. It can be monitored, copied, and shared even if you are careful with ever changing privacy settings.

Your online content could positively or negatively affect your life right now and into the future. Consider carefully what and why you post.

Hitting the delete button may not make it go away.

Always THINK before you post!

Before You Post
THINK

T - is it True?
H - is it Helpful?
I - is it Inspiring?
N - is it Necessary?
K - is it Kind?

Permission from Others

You are not to post personal information of or about others online.

Always ask permission before you take pictures or video of others.

Speak up if others take your image without permission.

School Work Only

School devices and accounts are for schoolwork.

Follow the same classroom expectations online that you follow in the school. Be safe and keep others safe!

Be kind to others when collaborating digitally.

Be creative and have fun! Use technology to showcase your learning.
